¹ Visits may be any combination of Primary Care, Specialist, Outpatient Mental Health Care, or Outpatient Substance Use Services.

\$0: Not subject to deductible (only applied to plans with a deductible) **QHDHP:** Qualified High-Deductible Health Plan

In a family plan with an embedded deductible, each member pays their own, individual deductible. Once an individual has met their deductible, no further deductible is required of them for that plan year. Other family members continue to pay toward their individual deductibles until the family deductible is met. An embedded out-of-pocket maximum works the same way.
